

Special Issue

Molecular Mechanisms of Animal Reproduction and Development

Message from the Guest Editor

The current Special Issue on “Molecular Mechanisms of Animal Reproduction and Development” explores and disseminates the latest research trends and achievements in the scientific field of animal reproduction and development. The Special Issue also aims to explore the achievements in the research concerning disease-related abnormal development, which is of great significance to understand the molecular mechanisms of developmental anomaly and thus not only to help develop high-quality animal husbandry in agriculture and aquaculture but also to provide new potential therapeutic targets for interventions in human health.

Guest Editor

Prof. Dr. Yu-Feng Wang

School of Life Sciences, Central China Normal University, Wuhan, China

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle
Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Organic Chemistry)
