

Special Issue

Advancements in Personalized Medicine: Integrating Genomic Insights and Therapeutic Strategies

Message from the Guest Editor

This Special Issue delves into the forefront of personalized medicine, wherein the fusion of genomic insights with cutting-edge bio-molecular features will pave the way for innovative therapeutic strategies. Emphasizing the integration of genomic data, we invite contributions that spotlight the intricate molecular mechanisms underpinning personalized treatment approaches. From explorations of biomarkers to in-depth analyses of bio-molecular pathways, this issue aims to bridge the gap between genomic discoveries and their practical application in tailoring therapeutic interventions. We welcome submissions that showcase the synergy between clinical insights and rigorous bio-molecular experiments, encouraging more comprehensive understanding of personalized medicine's evolving landscape.

Guest Editor

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Inorganic Chemistry)
