Bioactive Compounds from Foods Against Diseases

Message from the Guest Editor

Considerable attention had been directed towards the application of bioactive compounds from foods to obtain health benefits. Here, we are looking for novel research about how to utilize these bioactive compounds to prevent or even treat various diseases, and invite you to share your groundbreaking research, mainly focusing on the molecular level. This Special Issue will cover the below topics:

- Characterization of bioactive compounds from foods by various analytical techniques;
- Mechanisms of bioactive compounds to treat diet-related diseases;
- Designing new functional ingredients or foods using bioactive compounds.

We believe that your research can make a significant difference in this research area to provide insights into how to utilize bioactive compounds from foods against disease.

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle
Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Organic Chemistry)
