Advances in Genomics in the Care of Primary and Secondary Liver Malignancies

Message from the Guest Editor

The field of genomics in liver cancer is rapidly evolving and is now of critical importance to the oncologic and surgical management of this complex set of diseases. As such, we are leading a Special Issue of the *International Journal of Molecular Sciences (IJMS)* focused on molecular and genomic changes that impact the care of primary and/or secondary malignancies. These findings could be biomarker focused (saliva, blood, etc.) or tissue based, as all such findings are becoming exceptionally relevant. This Special Issue is supervised by and assisted by our Topical Advisory Panel Member, Dr. Chase J. Wehrle (Digestive Diseases and Surgery Institute). We welcome all submissions, including original and review articles. Thank you for your time. We look forward to collaborating on these critical topics.

Guest Editor

Dr. Federico Aucejo

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
