

Special Issue

Roles of Exosomes in Health and Disease

Message from the Guest Editor

We invite researchers to contribute to this cutting-edge Special Issue, which will be dedicated to exploring the pivotal role of exosomes in health and disease. We welcome original research articles, reviews, and case studies that elucidate the mechanisms underlying exosome biogenesis, their function as intercellular messengers, and their potential in diagnostics and therapeutic applications. We especially welcome submissions addressing novel methodologies, translational insights, and innovative approaches in exosome-based therapy. We invite you to join us in advancing our understanding of these nano-sized vesicles and their transformative impact on biomedical science. This Special Issue will be supervised by (NOVA University of Lisbon) with assistance from Dr. João Vasco Ferreira (NOVA University of Lisbon).

Guest Editor

Dr. Paulo Pereira

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle
Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Organic Chemistry)
