Latest Review Papers in Molecular Immunology 2023

Message from the Guest Editors

This Special Issue aims to collect high-quality review papers in all the fields of molecular immunology. We encourage researchers from related fields to contribute review papers highlighting the latest developments in molecular immunology, or to invite relevant experts and colleagues to do so. Full-length comprehensive reviews will be preferred.

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
