Latest Review Papers in Molecular Biophysics

Message from the Collection Editor

This Special Issue aims to collect high-quality review papers highlighting the latest developments in all aspects of molecular biophysics. We encourage researchers from related fields to contribute or invite relevant experts and colleagues to participate instead. Full-length comprehensive reviews will be preferred.

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
