

Special Issue

Immune-Mediated Cholangitis: Advances of Pathogenesis and Therapeutics

Message from the Guest Editors

The scope of this Special Issue of the International Journal of Molecular Sciences, titled “Immune-Mediated Cholangitis: Advances of Pathogenesis and Therapeutics”, is to summarize and enhance scientific knowledge and equip healthcare providers with innovative tools in cholangitis diagnosis and management, with a particular emphasis on the following topics:

- Molecular aspects of human pathophysiology in immune-mediated cholangitis;
- Molecular mechanisms of the development, progression and complications of immune-mediated cholangitis;
- Factors contributing to the alteration of molecular pathways;
- Molecular diagnostics and therapeutic approaches to immune-mediated cholangitis.

Guest Editors

Dr. Ellina Lytvyak

Department of Medicine, Division of Preventive Medicine, University of Alberta, Edmonton, AB T6G 2X8, Canada

Dr. Aldo J. Montano-Loza

Division of Gastroenterology and Liver Unit, University of Alberta, Edmonton, AB, Canada

Deadline for manuscript submissions

closed (15 February 2024)

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
