Genetics and Molecular Mechanisms in Psychological and Neuropsychiatric Disorders

Message from the Guest Editor

In the last decade, the exponential increase in genetic studies has significantly advanced the knowledge of both psychological and neuropsychiatric brain pathologies. Recent research has demonstrated the prevalence of Alzheimer's disease, Parkinson's disease, epilepsy, mood disorders, etc. in different populations and/or in relation to sex. Interestingly, many researchers are turning their attention to the molecular implications of genetic modification. This Special Issue welcomes the submission of original research papers or comprehensive reviews that demonstrate or summarize significant advances in the field of genetics in the pathogenesis of psychological, neurological and psychiatric disorders. Basic research studies and/or clinical studies accompanied by experimental data will be considered.

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
