

## Special Issue

# From Molecular Mechanism to Therapy in Autism Spectrum Disorder

### Message from the Guest Editors

On behalf of the editorial team of the *International Journal of Molecular Sciences (IJMS)*, we are pleased to announce the launch of a new Special Issue, entitled "From Molecular Mechanisms and Therapy in Autism Spectrum Disorders (ASD)", lead by and assisted by the Promotion Editors Dr. Alessandra Gabellone and Dr. Lucia Marzulli (University of Bari "Aldo Moro"). A major challenge is to advance the results of discovering the neurobiological mechanisms underlying ASD and then translating this knowledge into a mechanism-based, combined, and effective treatment design targeting multiple molecules and pathways, including drug medications, habilitation and educational approaches, and the use of new technologies. Researchers and authors are invited to submit original research and literature reviews that may have a significant impact on genetics, neuroimaging, clinical presentation, diagnostic tools, and novel therapeutic as well as intervention approaches in ASD.

---

### Guest Editors

Prof. Dr. Lucia Margari

Child and Adolescent Neuropsychiatry Unit, University of Bari "Aldo Moro", 70124 Bari, Italy

Prof. Dr. Emilia Matera

Department of Precision and Regenerative Medicine and Jonian Area (DIMEPREJ), University of Studies of Bari "Aldo Moro", 70124 Bari, Italy

---

### Deadline for manuscript submissions

closed (30 October 2023)

## About the Journal

### Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

### Editor-in-Chief

Prof. Dr. José L. Quiles  
Department of Physiology, Institute of Nutrition and Food Technology  
"Jose Mataix", Biomedical Research Center, University of Granada,  
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
