

Special Issue

Mass Spectrometry Approaches as Clinical Diagnostic/Prognostic Tools

Message from the Guest Editor

The Special Issue aims to collect contributions that underline the importance of mass spectrometry in qualitative-quantitative analysis for the identification of disease biomarkers and for the dosage of biomolecules and drugs, useful as a diagnostic and prognostic tool.

The great advantage offered by this technology is given by the possibility of being able to correctly identify and quantify different endogenous and exogenous biomolecules, and generally coupled with liquid chromatography it provides a wide range of possibilities for personalized medicine. In the clinical chemistry field, there is an increasingly greater demand for technology that serves as a reference point for various methods and which can satisfy analytical needs with adequate accuracy and precision.

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
