# Nano & Micro Materials in Healthcare 2.0

# Message from the Guest Editors

The Special Issue "Nano and Micro Materials in Healthcare 2.0" aims to provide an exciting multidisciplinary platform for research in the application of nano- and micro-materials in the field of therapeutics for the improvement of human health. This Special Issue intends to cover a wide spectrum of multidisciplinary and interdisciplinary research areas related to biomedicine, targeted drug delivery, theranostics and personalized medicine. Pharmacological and toxicological evaluations of nano- and micro-materials are also welcome.

# Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
