

Special Issue

Bioactive Substances of Plant Origin and Their Pharmacological Effects

Message from the Guest Editor

Dr. Bonglee Kim (, College of Korean Medicine, Kyung Hee University, Seoul 02447, Republic of Korea) and **Dr. Mohammed DALLI** (GE assistant, Laboratory of Microbiology, Faculty of Medicine and Pharmacy, University Mohammed The First, Oujda 60000, Morocco) are delighted to announce this new Special Issue, entitled "**Bioactive Substances of Plant Origin and Their Pharmacological Effects**", in the *International Journal of Molecular Sciences (IJMS)*. This Special Issue aims to provide valuable insights into the world of plant-derived compounds and their large spectrum of effects, as well as a deep understanding of the therapeutic potential of the different bioactive compounds, encouraging the continued development of the field, and promoting their use in modern medicine. Please note that this Special Issue is focused on molecular research; therefore, pure clinical research will not be accepted. However, clinical submissions with biomolecular experiments are welcomed.

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
