Special Issue

Study on the Microenvironment in Lymphoma

Message from the Guest Editor

We are excited to create this Special Issue dedicated to the Study of the Microenvironment in Lymphoma. Numerous types of lymphoma have been identified, and for each there are critical interactions that take place between tumor cells and the cells and structures within their immediate surroundings. Direct cell-to-cell communication as well as signaling via secreted factors such as cytokines and exosomes play a role in promoting tumor-cell survival and proliferation. Here in this Special Issue we wish to explore novel discoveries and recent advances related to the lymphoma microenvironment. This will help expand our understanding of lymphoma and may ultimately lead to novel therapies. Original research and reviews of the latest discoveries would both be welcome within this Issue.

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences, Sez-Biochimica, Faculty of Medicine, Università Politecnica delle Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
