

Special Issue

Electrochemical Research of Metal Compounds and Its Energy Storage Applications

Message from the Guest Editor

Metal compounds play a crucial role in the development of high-performance energy storage systems due to their unique electrochemical properties, which significantly impact the efficiency, capacity, and longevity of these systems. Their unique properties and versatility make them suitable candidates for a wide range of applications, contributing to the development of more efficient and sustainable energy storage solutions.

This Special Issue delves into the latest advancements in the electrochemical research of metal compounds and their applications in energy storage technologies. All article research submissions should involve research at the molecular level as well as verified experiments.

- metal compounds
- electrochemical
- energy storage
- batteries
- fuel cells

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle
Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Organic Chemistry)
