

Special Issue

New Advances in Biofibers and Biomaterials

Message from the Guest Editor

Recently, various biofibers and biomaterials have attracted researchers' attention because they have unique properties including good biocompatibility, biodegradability, excellent cytocompatibility, and high water retentions. Thanks to these useful properties, the biofibers and biomaterials have been studied to apply them to biomedical, cosmetic, and health care products. In this special issue, researchers from both academia and industry are invited to submit their latest studies on the biofibers and biomaterials. The object of this special issue is to provide a platform for knowledge and experience exchange on the recent studies on the fabrication, structure, properties, and application of biofibers and biomaterials.

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle
Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Organic Chemistry)
