

Special Issue

Precision Cancer Medicine: Molecular Insights, Biological Events and Clinical Perspectives

Message from the Guest Editor

The present Special Issue, entitled “Precision Cancer Medicine: Molecular Biological Insights”, aims to present recent research developments on Precision Cancer Medicine to those involved in this field and the wider community. We welcome contributions from original articles and reviews which focus on topics within this field.

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
