

Special Issue

Valuable Bioactive Compounds from Prokaryotic and Eukaryotic Organisms

Message from the Guest Editors

The biological and chemical potential of prokaryotic and eukaryotic organisms represent a rich source of new products for the pharmaceutical, food, and cosmetic industries, among others. Therefore, in this Special Issue, we are consolidating research in the following areas:

- the selection of prokaryotic and eukaryotic organisms with the potential to produce bioactive molecules,
- the identification and characterization of specific metabolites,
- the evaluation of biological potential using different model organisms and cell cultures,
- in silico prediction, analytics, and modeling,
- the development of sustainable biotechnological processes for the production of bioactive metabolites.

Guest Editors

Dr. Blaženka Kos
Dr. Sanja Babić
Prof. Dr. Stela Jokić

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
