Special Issue

New Insights in Cardiac Ischemic Diseases

Message from the Guest Editors

This Special Issue is dedicated to highlighting new pathways that contribute to the development of cardiac ischemic diseases. We aim to be able to bring a better knowledge for long-term efficient management of the disease. We invite investigators to present recent advances in the comprehension of the molecular pathways leading to acute and chronic response to I/R as well as the development of new approaches to prevent adverse consequences of I/R.

- cardiac ischemic diseases
- ischemia-reperfusion
- cardiac remodeling and function
- transcriptional activity and post-translational modifications
- ischemic heart disease
- heart failure

Guest Editors

Dr. Delphine Baetz

 Univ-Lyon, CarMeN Laboratory, INSERM 1060, INRA 1397, Université Claude Bernard Lyon1, INSA Lyon, Oullins, France

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences, Sez-Biochimica, Faculty of Medicine, Università Politecnica delle Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
