Selected Papers from 2017 Health Informatics Conference (ChongqingBioinfo2017)

Message from the Guest Editors

The 2017 Health Informatics Conference (ChongqingBioinfo2017), organized by the China Computer Federation Yocsef Chongqing, the Chongqing Association of Artificial Intelligence, the Chinese Medical Association (Digital Medicine), and the Chongqing Bioinformatics Association, will be held in Chongqing, China, 3–5 November, 2017. This conference focuses on bioinformatics research. The purpose of ChongqingBioinfo2017 is to extend the international forum for scientists, researchers, educators, and practitioners, in order to exchange ideas and approaches, to present research findings, as well as state-of-the-art solutions, in this interdisciplinary field, including theoretical methodology development and its applications in biosciences and research on various aspects of bioinformatics. Speakers in China will present their results. For further details, please see <http://123.207.33.240:8080/cbc2017>, where a full list of presenters is available.

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
