Feature Papers in Molecular Pathology, Diagnostics, and Therapeutics

Message from the Collection Editor

This Special Issue entitled “Feature Papers in Molecular Pathology, Diagnostics, and Therapeutics” aims to collect high-quality research articles, communications, and review articles in the cutting-edge field of pathology, diagnostics, and therapeutics science. We encourage Editorial Board Members of this Section of *International Journal of Molecular Sciences* to contribute feature papers reflecting the latest progress in their research field or to invite relevant experts and colleagues to do so.

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
