

Topical Collection

Feature Papers in Molecular Nanoscience

Message from the Collection Editor

This Topical Collection entitled “Feature Papers in Molecular Nanoscience” aims to collect high-quality research articles, communications, and review articles in cutting-edge fields of molecular nanoscience. Since this Topical Collection aims to illustrate, through selected works, frontier research in molecular nanoscience, we encourage Editorial Board Members of the Molecular Nanoscience Section of the *International Journal of Molecular Sciences* to contribute feature papers reflecting the latest progress in their research field, or to invite relevant experts and colleagues to do so. Topics include, without being limited to:

- Nanoassemblies;
- Nanomedicines;
- Nanotechnology;
- Nanosensors;
- Nanocatalysts;
- Nanocomposites;
- Nanomachines;
- Single-molecule approaches;
- Computational modeling of nanosystems.

We welcome original research articles, reviews, and concise communications. All submissions to this collection will be offered a 20% discount.

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
