

## Special Issue

# Polyunsaturated Fatty Acids and Chronic Diseases

### Message from the Guest Editor

For this Special Issue we solicit the submission of original research articles and reviews focusing on topics including but not limited to the dietary intake of PUFAs in early life and its effect on enhancing the immune system, as well as omega-3 PUFAs in preventing neurodegenerative disorders, cardiovascular diseases, obesity, diabetes etc. Keywords

- polyunsaturated fatty acids
- inflammation
- chronic diseases
- dietary fatty acids
- prevention
- metabolism

*\*An early bird discount will be available for submission before 31 July 2022.*

## About the Journal

### Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
