

Special Issue

Recent Advances in Autoimmune and Inflammatory Disorders

Message from the Guest Editor

I am pleased to invite you to contribute to this Special Issue of IJMS, entitled “Recent Advances in Autoimmune and Inflammatory Disorders”.

Inflammatory diseases encompass a wide range of disorders and conditions characterised by inflammation, from asthma to coeliac disease, and from autoimmune diseases to inflammatory bowel disease. Since autoimmune and inflammatory diseases remain a major medical problem, the molecular mechanisms of which are still not fully understood, new knowledge is needed in this field.

The Special Issue very welcome novel works ranging from basic and translational research at the molecular level, to pathogenetic mechanisms and clinical applications in this field.

Keywords: autoimmunity; autoimmune disease; inflammatory disease; cellular pathways; molecular mechanisms; pathogenesis; therapy

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
