

Special Issue

Evolution and Genomics: Relevance to Current Issues

Message from the Guest Editors

The theme of original papers of this Special Issue is to demonstrate how new ideas can be relevant to those attempting to solve a problem or participating in popular debates. Topics of interest in this Special Issue include, but are not limited to, the following:

- Effects of past and future climate change on human evolution.
- Pros and cons of inbreeding, introgression, and selective diversification in livestock.
- Mechanisms of suppression of mutation and recombination with reference to future populations.
- Definition of conserved polymorphic sequences.
- Re-interpretation of commercial databases for genomics: haplotypes from SNPs.
- What to conserve for the future: old or new?
- Synteny and paralogy and duplication in evolution.
- Microbiome in evolution.
- The MHC as the frontier for evolution.
- Refreshing terminology in evolution.

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
