

Special Issue

New Insights into Diet, Gut Microbiota and Human Health

Message from the Guest Editor

The focus of this Special Issue, therefore, is to publish featured articles (review articles, original research articles, communications, and commentaries) aimed at: (1) elucidating the mechanistic details of the diet-microbiota-host cross-talk occurring in different segments of the gut that, ultimately, determine the health and/or disease state of the host, and compiling published studies on this theme; and (2) critically discussing the thoughts, controversies and research gaps in this field that should be addressed in future research.

Guest Editor

Dr. Michele Di Stefano

Department of Internal Medicine, IRCCS "S. Matteo" Hospital Foundation, 27100 Pavia, Italy

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle
Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Organic Chemistry)
