

Special Issue

Hormonal Regulations of Plant Development

Message from the Guest Editor

Research on development and phytohormones comprises of two intensively investigated, inseparable areas of plant biology. The approaches of developmental biology and genetics pointed out the specificity of hormonal pathways. Conversely, developmental biology benefited from broad methodological inputs used in hormonal research. This Special Issue aims to bring together inspiration from multiple research areas and promote the spreading of novel concepts used in different developmental systems and hormonal pathways. This Special Issue also welcomes review articles. According to the scope of the Special Issue, they should promote interaction between developmental and hormonal approaches. The authors are encouraged to consult the editor(s) prior to their decision to contribute.

Guest Editor

Dr. Kamil Růžička

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle
Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Organic Chemistry)
