

Special Issue

Molecularly Targeted Therapy and Regulation of Signaling Pathway in Oral Squamous Cell Carcinoma

Message from the Guest Editor

This Special Issue aims to highlight the most recent scientific advances, improving the diagnostics and the treatment strategies available for OSCC. In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following:

- Molecular mutations and regulation of signaling pathway involved in OSCC, such as programmed cell death and epidermal growth factor receptors, vascular endothelial growth factor, cyclin-dependent kinase, mammalian targets of rapamycin inhibitors, and others;
- Targeted therapies and drug resistance involved in OSCC;
- New therapeutic approaches and drug delivery, such as the role of mutation analysis and next-generation sequencing in OSCC diagnosis and treatment.

We look forward to receiving your contributions

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
