Interaction between Gut Microbiome and Mucosal Immunity in the Gastrointestinal Disorders

Message from the Guest Editors

In these contexts, this Special Issue aims to collect original research and review articles concerning new insights into the interaction between gut microbiome and gastrointestinal immune system in the gastrointestinal disorders, focusing its associated factors (antibiotics, psychological stress or diet, etc.) and resultant gastrointestinal minimal inflammation.

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
