Targeting Apoptosis Pathways in Cancer

Message from the Guest Editor

This Special Issue, "Targeting Apoptosis Pathways in Cancer", will cover a selection of recent research topics and current review articles related to the intracellular signaling of resistance to apoptosis in cancer. Up-to-date review articles, communications, and experimental papers are all welcome.

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
