

Special Issue

Novel Strategies in the Development of New Therapies, Drug Substances and Drug Carriers, 3rd Edition

Message from the Guest Editors

This Special Issue aims to promote research in the fields that contribute to conceiving and developing a new drug substance and drug formulation. As with the previous Special Issues, this volume is not limited to any specific aspect of drug development. It aims to cover the entire process of drug development at the molecular level, to conform with the aims and scope of the Journal. We would also like to draw your attention to the Interdisciplinary Conference on Drug Sciences, ACCORD 2024, to be held in Warsaw, Poland, 23–25 May 2024 (<https://accord.wum.edu.pl/>). All the participants of the ACCORD 2024 Conference will have the opportunity to publish a conference paper in this Special Issue. The manuscripts will undergo the regular peer-review process of the Journal.

Guest Editors

Prof. Dr. Andrzej Kutner

Prof. Dr. Geoffrey Brown

Dr. Enikő Kallay

Deadline for manuscript submissions

closed (20 April 2025)

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle
Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Organic Chemistry)
