New Advance in Rare Monoclonal Gammopathies

Message from the Guest Editor

Multiple myeloma (MM) is the paradigm in the context of monoclonal gammopathies (MG). However, some rare variants of MM and other, not so frequent types of MG, are generally less known and their management is not always definitively established. In this Special Issue of *International Journal of Molecular Sciences*, experts in these specific fields provide an update of incidence, biological knowledge, diagnostic and therapeutic recommendations of some rarer conditions with MG. In particular, solitary plasmacytomas, extramedullary myeloma, unusual isotypes of MM (IgE, IgD, IgM and non-secretory variants), primary plasma cell leukemias, POEMS syndrome, and MG of renal (including monoclonal immunoglobulin deposition diseases) and clinical significance, will be reviewed and discussed.

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle
Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Organic Chemistry)
