

## Special Issue

# State-of-the-Art Molecular Biophysics in Italy

### Message from the Guest Editor

This Collection aims to publish contributions on all aspects of the physical principles governing biomolecular and biomimetic systems in Italy. We welcome submissions that provide novel and mechanistic insights and papers that report significant advances in the fields. Topics include, but are not limited to:

- molecular structure;
- molecular simulations
- single molecule biophysics;
- drug design;
- bio-inspired drug

The only limitation is that the main part of the study has to have been carried out in Italy or by Italian researchers. The reliability of the results provided by novel tools for virtual screening and/or the discovery of new actives by virtual screening must be either validated in silico or in vitro before first submission of a manuscript to *IJMS*. Theoretical studies should offer new insights into understanding experimental results and/or suggest new experimentally testable hypotheses.

### Guest Editor

Dr. Antonio Palumbo Piccionello

Dipartimento di Scienze e Tecnologie Biologiche, Chimiche e Farmaceutiche-STEBICEF, Università degli Studi di Palermo, Viale delle Scienze Ed. 17, 90128 Palermo, Italy

### Deadline for manuscript submissions

closed (31 July 2023)

## About the Journal

### Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore  
- Q1 (Organic Chemistry)
