

Special Issue

Biomaterials and Antibacterial Materials for Medical Applications

Message from the Guest Editor

Pathogenic microbial contamination constitutes one of the greatest global challenges that public health is facing today. In recent years, antibiotic-resistant bacteria have become more prevalent because of the misuse of antibiotics. In this regard, the development of effective, low-cost, and environmentally friendly new antibacterial materials for various applications is urgently needed. This Special Issue aims to provide readers an overview of the state of the art of current research regarding promising biomaterials and antibacterial materials for medical applications. Recent studies on advanced antibacterial materials developed for other applications, including bacterial wastewater treatment and infected wound handling, are also welcome.

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle
Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Organic Chemistry)
