

Special Issue

The Role of Natural Products in Immunopharmacology

Message from the Guest Editors

In this Special Issue, the natural products isolated by molecular approaches are welcome, with applications in pharmacological and nutraceutical fields. Articles containing only data obtained from extracts are not accepted. This is because the focus should be on natural compounds along with derivatives, and more specifically on clarifying the mechanisms of action to improve immune disorders. This Special Issue collects original research articles, review articles, and short communications highlighting the various mechanisms regulated by natural products in several immune disorders. **Keywords**

- natural compounds
- immune cells
- inflammation
- allergy
- cytokines

**An early bird discount will be available for submission before 31 August 2022.*

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle
Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Organic Chemistry)
