

Special Issue

Molecular Functions of Polyphenols in Health and Diseases

Message from the Guest Editor

Obesity, cardiovascular diseases, diabetes, cancer, and dementia are major public health problems. Therefore, we welcome submissions for this Special Issue that provide molecular evidence to clarify how dietary polyphenols and interventions can sustain human health and contribute to alleviating and improving these diseases. Original research articles, short communications, and reviews are all welcome for submission to this Special Issue.

Guest Editor

Dr. Helmut Martin Hügel

School of Science, STEM College, RMIT University, 124 La Trobe Street, Melbourne, VIC 3001, Australia

Deadline for manuscript submissions

closed (20 April 2025)

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
