Dietary Supplements for Metabolic Syndrome

Message from the Guest Editors

This Special Issue on “Dietary Supplements for Metabolic Syndrome” welcomes original research and reviews in this field, with a focus on traditional or novel dietary supplements for the intervention of metabolic syndrome, using new technologies and methods to reveal the underlying mechanism, hoping to provide new strategies for the amelioration of metabolic syndrome with dietary supplements.

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
