

Special Issue

Molecular Regulation in Inflammatory and Autoimmune Diseases

Message from the Guest Editor

The immune system represents a sophisticated, interconnected and finely balanced militia of cells. These are able to elicit a plethora of functions that collectively protect against a range of insults experienced by an organism over its life course, thereby maintaining health and well-being. However, balance within the immune system can easily be disrupted leading to a variety of disorders, including inflammatory and autoimmune diseases. This Special Issue, entitled 'Molecular Regulation in Inflammatory and Autoimmune Diseases' aims to explore the key molecular regulators within the immune system, both positive and negative, and how their perturbation leads to relevant diseases. Both primary research and topical review manuscripts will be considered.

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
