

Special Issue

Exploring the Interplay among NAFLD, Insulin Resistance, and Metabolic Disorders: Mechanisms, Diagnosis, and Therapeutic Strategies

Message from the Guest Editor

This Special Issue aims to comprehensively examine the complex relationship between NAFLD, insulin resistance, and metabolic disorders. It addresses the limited number of studies that have explored both NAFLD and insulin resistance simultaneously and aims to bridge the gap in understanding the underlying mechanisms, diagnostic approaches, and potential therapeutic interventions for these interconnected conditions. By expanding the scope beyond the primary focus on NAFLD and insulin resistance, this Special Issue encourages contributions on related metabolic disorders such as obesity, type 2 diabetes, and cardiovascular diseases. The goal is to foster multidisciplinary research collaborations and provide insights into the shared pathophysiological pathways, biomarkers, and novel therapeutic targets.

Guest Editor

Dr. Debora Collotta

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
