

## Special Issue

# Molecular Mechanisms and Therapeutic Targets in Cardiometabolic Disorders

### Message from the Guest Editors

In this Special Issue, we encourage submissions that identify the possible mechanisms for the prevention of progression of atherosclerosis. Clinical research for the early diagnosis and prognosis of cardiometabolic obesity-related diseases will also be welcomed.

We welcome submissions focusing on but not limited to topics mentioned below:

- Role of vascular endothelial injury in the development of atherosclerosis.
- Regulation of the inflammatory response in atherosclerosis.
- Novel molecular factors as potential targets in atherosclerosis treatment.
- Clinical research on novel biomarkers for the early diagnosis and prognosis of cardiac diseases.
- Obesity and other dysmetabolic conditions and cardiovascular diseases: biomarkers and new drugs.

---

### Guest Editors

Prof. Dr. Massimiliano M. Corsi Romanelli

Department of Biomedical Sciences for Health, University of Milan, 00133 Milan, Italy

Prof. Dr. Pietro Formisano

Department of Translational Medical Sciences, University of Naples Federico II, 80131 Naples, Italy

---

### Deadline for manuscript submissions

closed (20 February 2026)

## About the Journal

### Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
