Renin-Angiotensin-Aldosterone System in Pathologies

Message from the Guest Editors

The renin–angiotensin–aldosterone system (RAAS) regulates blood pressure and body fluid, and its inappropriate activation contributes to hypertension as well as cardiovascular and renal diseases. Furthermore, accumulating evidence suggests that dysregulation of the RAAS may also play an important role in the pathogenesis of other lifestyle diseases, including metabolic and neurodegenerative disorders, various cancers, dysuria, inflammatory diseases, and many others. In this Special Issue, we will collect recent advances in the study of the specific contributions of a dysregulated RAAS in lifestyle diseases, with a focus on newly discovered molecular pathways and therapeutic targets associated with the RAAS.

Guest Editors

Prof. Dr. Akira Nishiyama

Dr. Ryouzuke Satou

Prof. Dr. Jia L. Zhuo

Dr. Rudy M. Ortiz

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
