

## Special Issue

# Molecular Diagnostics and Treatment Advances in Lung Diseases

### Message from the Guest Editor

We encourage the submission of research articles about the development of novel molecular diagnostic tools and treatment strategies that may significantly improve the patients' outcomes and quality of life. Review articles on this topic are welcome as well. Both obstructive pulmonary diseases (COPD, asthma, bronchiectasis) and rare and interstitial lung diseases (ILDs) may be included.

## About the Journal

### Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
