

Special Issue

Skin Inflammation Aging and Diseases

Message from the Guest Editor

The skin is the most precious dress we wear every day. Chronic exposure to environmental elements like ultraviolet (UV) radiations cause deleterious effects in skin cells; in fact, UVA and UVB radiation are associated with skin photo-aging, various inflammatory disorders, and also skin cancer (extrinsic aging). Research in recent years has advanced our understanding of the pathophysiology of inflammatory skin diseases and skin cancer, as well as of therapeutic options for skin aging. This Special Issue calls for original research papers, full reviews, and perspectives that address our current knowledge and progress in the field of skin inflammation, aging, and disease, to find possible answers to the mentioned questions and to others related to the keywords reported below.

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle
Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Organic Chemistry)
