

Topical Collection

Feature Papers Collection in Biochemistry

Message from the Collection Editor

As Editors of the *International Journal of Molecular Sciences*, we are very excited to announce the Special topical collection “Feature Papers Collection in Biochemistry”. The collection aims to collect high-quality research articles, review articles, and communications on all aspects of biochemistry, which expert scientists will submit in the field of biochemistry. The areas of interest for the Special collection embrace but are not limited to topics such as:

- Cellular function and structure;
- New approaches in the management of hypoxic tumors;
- Cancer molecular genetics;
- Enzymology and structural biology;
- Targeting human enzymes involved in tumorigenesis;
- Function and structure of protein membrane and drug distribution in the body;
- Protein interactions and functional nucleic acid;
- Epigenetic and genetic regulatory mechanisms;
- Role of intestinal microbes in diseases and human health;
- Essential small molecules for metabolic pathways and human pathogens.

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
