

## Special Issue

# Tendon/Ligament Reconstruction by Tissue Engineering

### Message from the Guest Editor

This Special Issue “Tendon/Ligament Reconstruction by Tissue Engineering” will cover a selection of recent research topics and current review articles related to novel approaches in tendon/ligament tissue engineering. Up-to-date review articles, commentaries and experimental manuscripts are all welcome. Prof. Dr. Gundula Gesine Schulze-Tanzil

## About the Journal

### Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
