Latest Review Papers in Molecular Informatics

Message from the Collection Editor

This Special Issue aims to collect high-quality review papers in all the fields of molecular informatics. We encourage researchers from related fields to contribute review papers that highlight the latest developments in molecular informatics or to invite relevant experts and colleagues to do so. Full-length comprehensive reviews are preferred.

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
