Advances in G Protein-Coupled Receptors

Message from the Guest Editor

The humble G protein-coupled receptor is responsible for a considerable proportion of the world's pharmacopeia since its initial discovery. Each year since its landmark discovery, GPCRs have demonstrated their near-endless versatility with respect to the control of human physiology. To pay homage to this tremendously diverse capacity we intend to form, this Special Issue of *IJMS* stands as a collection of some of the most intriguing and innovative research articles that demonstrate the latest nuances of the GPCR signaling and therapeutic repertoire. To this end, I welcome the submission of both basic and applied science articles relevant to the most up-to-date aspects of GPCR functionality.

Guest Editor

Prof. Dr. Stuart Maudsley
Receptor Biology Lab, Universiteit Antwerpen, Antwerpen, Belgium

Deadline for manuscript submissions

closed (30 December 2024)

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
