

Special Issue

The Impact and Alterations of Hormones in Age-Related Diseases and Comorbidities

Message from the Guest Editor

This Special Issue is aimed to publish original research and review articles that address current knowledge and understanding of fundamental, cellular, and molecular events involved in age-associated vulnerabilities, correlation to hormonal disparities, and potential therapeutic interventions.

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
