

Special Issue

Tau Pathology Mechanisms and Therapeutic Interventions

Message from the Guest Editor

This Special Issue provides a comprehensive overview of the latest advances in our understanding of pathological mechanisms of tau pathology in neurodegenerative diseases and possible therapeutic interventions that target such pathology. Key topics covered include molecular mechanisms of tau hyperphosphorylation, misfolding, neurotoxicity, and spreading across neuronal networks. The Special Issue further explores the diverse spectrum of tau pathologies (tauopathies) and the recent developments in translational interventions aiming to improve clinical outcomes.

Guest Editor

Dr. Claudia Marino

Sealy Institute for Drug Discovery, Mitchell Center for Neurodegenerative Diseases, Department of Neurology, University of Texas Medical Branch at Galveston, Galveston, TX, USA

Deadline for manuscript submissions

20 November 2026

About the Journal

Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. José L. Quiles
Department of Physiology, Institute of Nutrition and Food Technology
"Jose Mataix", Biomedical Research Center, University of Granada,
Avda. Conocimiento s/n, 18100 Armilla, Granada, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
