Genome Editing in Autologous Stem Cells: From Bench to Bedside

Message from the Guest Editor

Precise genome editing technologies have revolutionized the field of regenerative medicine, enabling autologous stem cell transplantation as a potential therapeutic option for multiple diseases. These emerging therapies offer a promising alternative to allogeneic transplantation, eliminating the need for donors and minimizing immune complications. We are pleased to invite you to contribute to our Special Issue, "Genome Editing in Autologous Stem Cells: From Bench to Bedside". This Special Issue aims to highlight recent advances and ongoing challenges in translating the genome editing of autologous stem cells from the research lab to clinical application. We welcome original research articles, reviews, commentaries, and short communications.

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences,
Sez-Biochimica, Faculty of Medicine, Università Politecnica delle
Marche, Via Ranieri 65, 60100 Ancona, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore
- Q1 (Organic Chemistry)
